CURRICULUM COURSE SYLLABUS
HUMAN SERVICES TECHNOLOGY
SAB 125/SUBSTANCE ABUSE CASE MANAGEMENT

Department: Humanities and Social Sciences
Course: Substance Abuse Case Management
Prerequisite: SAB 120
Weekly Hours: Lecture 2, Lab 2 **Semester:** Fall 1998

Catalog Description: This course provides case management activities, including record keeping, recovery issues, community resources, and continuum of care. Emphasis is placed on establishing a systematic approach to monitor the treatment plan and maintain quality of life. Upon completion, students should be able to assist clients in the continuum of care as an ongoing recovery process and develop agency networking. This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program.

Required Text: Perspectives on Case Management Practice. Editors Carol D. Austin; Robert W. McClelland. Milwaukee, Wisconsin: Families International, Inc. 1996.

Course Requirements/Curriculum Competencies:

This course is designed to meet the performance domain for case management as identified by substance abuse certification and regulatory agencies.

The student will demonstrate an ability to:

1. Present client information, both oral and written, to treatment team members in order to facilitate quality client care and consult with colleagues as necessary to maintain appropriate treatment.
2. Obtain information regarding community services and community resources with client needs.
3. Provide for the client information regarding the agency program, self-help groups, the referral process, and aftercare treatment. Self-help meetings will be required.
4. Maintain a treatment team concept by periodically updating team members as to the client's process, including termination.
